1. Claims 13, 16 and 30-38 are pending.
2. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 13, 16 and 30-33 in part, drawn to the first special technical feature peptide and first appearing method of use of the peptide for obtaining an antibody.

Group II, claim(s) 13, 16, 30-32 and 34-35 in part, drawn to the first technical feature peptide and second method of use in screening for inhibitors.

Group III, claim(s) 13, 16, 30-32 and 36 drawn to the first technical feature peptide and third method of use for the preparation of compositions.

Group IV, claim(s) 13, 16, 30-32 and 37-38 in part, drawn to the second technical feature compound and method of inhibiting calcium channel modulation by administration.

3. The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the peptides and compounds differ in sequence structure, length, function, effects and capable use. The

methods use different steps and different reagents corresponding to the distinct special technical features, and exhibit different effects, functions and outcomes.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).
